A day-in-the-life of Prof Eddie OBENG on QUBE

"The best way to learn how your innovation will impact your customers is to 'drink your own champagne' WE ARE ON QUBE OURSELVES DAY LONG, EVERYDAY.

[Prof Eddie OBENG](#)

RESOURCES:

Video of a Day-in-the-life You will need to speak over it to describe how we, at QUBEunlimited, live each day. Our global team has worked as a dispersed group for over five years!

<https://qube.cc/a-day-in-the-life-of-eddie-obeng-on-qube-video/>

RESOURCES:

Video of an hour of a new group on QUBE in a minute. You see the group in a QUBE Discovery session. It illustrates how easy it is for you to build relationships, solve problem and collaborate.

" Imagine quitting a safe well paid job in the UK National Health Service. Why would anyone Do that? Well I did because once QUBE began the transformation of our organisation it transformed me to want even more.

Dr Tammy Watchorn (Fmr Head of Innovation)

" If technology alone solved problems by now we'd have none left. My job is to enhance your performance and experience. To make a world where it is enjoyable for you to learn and work. As a customer, I left Royal Mail UK to bring QUBE to life.

Dr David Lomas (Fmr Director Innovation Lab)
